## 4 Child Safe Message

### Feeling Safe - Your Rights - a message for our adult members

Everyone in Scouts, youth and adults alike have the right to feel safe and be protected from abuse. No-one is allowed to threaten, hurt or touch another person in a way that makes them feel uncomfortable, unsafe or afraid.

All participants are to be respectful and this applies to all interactions between all participants, youth and adults at the Jamboree.

Youth Members have been told they can raise issues with Adults, and that any concerns will be taken seriously and treated appropriately.

If you have a concern, or a concern is raised with you, you should raise it directly and promptly with the SafeTrans Child Safety Manager. All concerns will be taken seriously and dealt with appropriately.

If a youth member chooses to raise an issue with you it is your role to:

- Hear their concerns.
- Re-assure the youth member you believe their concerns and it is not their fault.
- Raise it through the SafeTrans Child Safety Manager.
- Manage the confidentiality of the person who has trusted you with this information by only sharing the information with the people necessary to support the person raising the issue.

DO NOT

- Try to investigate or solve the issue.
- Discuss the matter with anyone other than the SafeTrans Child Safety Manager unless advised.
- Tell the youth member that you can keep it confidential between you and them.

It is possible that the information revealed may be distressing to you. If you feel this is the case, you are encouraged to ask for help from the support teams onsite.

### 4.1 Scouts Australia's National Child Protection Policy

The Scouts Australia National Child Protection Policy describes several areas of child protection including strategies for prevention; dealing with reports of abuse; training of all Scouting adults with regards to child protection; and the ongoing education of both adults and youth members. From all the different State and Territory legal requirements, Scouts Australia has selected the highest standard to apply in our comprehensive National policy.

There are four key child protection principles:

- All adults in Scouting must report incidents to the appropriate authority
- Any report will be responded to quickly and positively
- There will be no delay, and strict steps must be followed
- Investigations are not conducted locally - there is an escalated process.

Scouts Australia is committed to an environment of ZERO TOLERANCE toward bullying, neglect and emotional, physical, psychological, or sexual abuse of any kind. Abuse takes many forms and can be perpetrated in many ways, as such Scouts Australia requires all Adults and Children to be aware of child abuse as outlined in National Child Protection Policy and comply with the requirements of this Policy and the Scouts Australia Code of Conduct at all times.

When an incident occurs, your absolute priority is to ensure the immediate safety and welfare of the child. Responding to allegations of abuse must be undertaken with the utmost sensitivity and confidentiality as the welfare of the child is of paramount importance.

Children must be encouraged to report any conduct they feel uncomfortable about and are to be regularly reminded/informed of their rights to feel safe, and action they can take if they do not feel safe.

Without fail, you must immediately report to the Event Team, any disclosure, allegation, or suspicion of abuse of Children, in accordance with National Child Protection Policy and Scouts Australia Code of Conduct.

To ensure you, as an Adult member, play your part in providing the safest possible environment for our youth members, you are required to read the [summary page](#) and download a copy of the [full policy](#).

## 4.2 Adult behaviour

Furthermore, there are some behaviours by adults at the Jamboree which are unacceptable. These may include:

- Ignoring or disregarding any suspected or disclosed child abuse
- Developing any 'special' relationships with youth members that could be seen as favouritism (for example, the offering of gifts or special treatment for specific children)
- Exhibiting behaviours with youth members which may be construed as unnecessarily physical
- Initiating unnecessary physical contact with children or do things of a personal nature that a child can do for themselves, such as changing clothes
- Engaging in open discussions of an adult nature in the presence of youth members
- Using inappropriate language in the presence of youth members
- Discriminating against any child, on the basis of age, gender, race, culture, vulnerability, sexuality, ethnicity or disability
- Working with children while under the influence of alcohol or illegal drugs.

Alcoholic beverages must not be taken onto the AJ2025 site. It is an offence for minors to purchase or consume alcohol or for persons to supply alcohol to minors. Additional information for Leaders/Adults storing purchased alcohol is available in the Behaviour Policies section of the Jamboree Handbooks.

Under the Tobacco and Other Smoking Products Act 1998 (Qld) smoking is prohibited in all non-designated areas of the AJ2025 site. Adults who smoke on the site, in an area not designated for smoking:

- commit an offence against the Act, to which fines apply; and
- may be immediately evicted from the site.

Designated smoking areas will be marked on the AJ2025 site map and will be primarily in areas only accessed by adults, for example:

- each Sub Camp Headquarters;
- the Leaders Eatery;
- the Witches Hat Building; and
- the Main Arena (back of house).

In Queensland, vapes and electronic cigarette products containing nicotine are illegal unless on prescription and supplied by a pharmacist or through Therapeutic Goods Administration (TGA) processes. Vapes are smoking products and subject to the same laws as tobacco or cigarettes.

## 5 Blue cards

**The Queensland Government does not recognise interstate working with children checks. In order to attend the Jamboree, all Contingent members aged 18 and over at the time of the Jamboree will need a valid Blue Card, which is the Queensland equivalent of a working with children check.**

Adults will still need a valid Working with Children Check in Western Australia to maintain your adult membership with Scouts WA.

We strongly recommend that all Contingent members aged 18 and over at the time of the Jamboree work towards **obtaining their Blue Card by 1 September 2024**. Contingent members who do not obtain a Blue Card prior to the Jamboree will not be permitted onsite and will not be eligible for any refund.

Information about how to obtain a Blue Card can be [found here](#).

## 6 Youth code of conduct

Members of the WA Contingent are reminded that the Scout Law and Promise always applies. This code of conduct is intended to create a safe environment for everyone in our Australian Contingent.

### 6.1 Be respectful

This code of conduct relies on an understanding of consent. The WA Contingent holds that:

1. Consent has a legal meaning. Where sexual activities are concerned, a person may not legally consent until they are 16 years of age in Queensland; a person is also considered unable to consent if their judgement may be impaired by drugs, alcohol, or fatigue.
2. Whilst travelling as a member of the WA Contingent, there should be no physical or sexual interaction of any kind between children aged 17 and under with members aged 18+. This includes those already in existing relationships.
3. Consent is given freely and voluntarily. This means that consent is not given where there is any coercion; or where negative consequences of withholding consent are real or imagined.
4. Consent is clear, unambiguous, positive, and enthusiastic. Receiving no response is not consent. Reluctant acceptance and/or submission is not consent.
5. Consent and sexual activity. Any unwanted sexual activity, or unwanted touching of a person's body by another person may be sexual assault. For example, it can include kissing or inappropriate touching of a person's breasts, bottom or genitals, or even performing a sexual activity in front of another person.

Respecting others means that all youth and adult members are entitled to privacy:

6. Physical privacy. All members are entitled to have their personal space respected, and members must not make physical contact with any person, or their belongings without clear and unambiguous consent. The Australian Contingent expects every member to have their own bedding and to respect bedding belonging to someone else as that person's personal space. It is the position of the Australian Contingent that Scouting activities are not an appropriate place for sexual activities.
7. Visual privacy. All members are entitled to have privacy for themselves and their belongings and must respect the privacy of others in return. This means that without consent it is not appropriate to observe them as they conduct private activities. It is not appropriate to search their belongings, or speak to others about what we have seen, deliberately or accidentally.
8. Audible privacy. All members are entitled to have privacy and must respect the privacy of others. This means that without consent it is not appropriate to listen to them as they conduct private activities or conversations. It is not appropriate to speak to others about what we have heard, deliberately or accidentally.
9. Digital privacy. Taking and sharing of intimate photo or videos of young people is a crime. Regardless of age, taking intimate photo or videos without consent is a crime, and sharing of intimate photo or videos without consent is a crime. For information about image-based abuse, you can visit the e-safety website (<https://esafety.gov.au/image-based-abuse>). For any photos, it is respectful to ask if people want to be photographed, before taking a photo of them.

Respect for others in this context means respecting their privacy; respecting the decisions that they make in providing consent; and respecting their emotional and mental health.

Respecting others and the program:

1. As a member you should show respect to yourself, as well as all other members, Leaders, volunteers and external operators, as well as the members of the public.
2. You should respect the environment and community.
3. Bullying, discrimination, harassment or assault of any kind has no place in Scouting. You should not engage in any of these activities and are encouraged to report any instances of this to a trusted adult.
4. You should comply with all reasonable directions from supporting adults and external operators.
5. You will have a decent amount of freedom during the event; however, there are many points when it very important to be at the right place at the right time (especially for transport). If you are asked to be somewhere, you have a responsibility to be there on time and follow all instructions.

Failure to follow this code of conduct will result in disciplinary action. Depending on the severity of the offence, possible actions could range from missing activities to being sent home at your own expense. Not knowing the code of conduct is never an excuse and it is your responsibility to know and understand these rules that are put in place to keep the event safe.

Remember to have fun and make the most of your time at the Jamboree; it's not just a two-night camp so don't burn yourself out. Look after your physical and mental wellbeing and look out for the other members. They are your friends, and the event will be far more enjoyable together.

## 6.2 Do What is Right

You are trusted to follow the rules and ensure that others also follow these rules. In this instance it may mean reminding our friends that their behaviour is inappropriate or reporting that behaviour by speaking with a trusted adult. Doing what is right may include seeking assistance for others who have been using drugs or alcohol.

## 6.3 Believe in Yourself

If you would like support in discussing, challenging, or reporting inappropriate behaviour, please speak with a trusted adult or a member of the Health & Wellbeing Team.

Should you wish to report a matter anonymously, you can complete the Scouts WA online incident form.

## 7 Conditions of entry and prohibited items

The Jamboree Executive Committee has published a list of prohibited items and conditions of entry to the AJ2025 site. This policy is [available here](#).

Please note these key points:

- Alcohol is not permitted to be consumed onsite.
- Smoking and vaping is only permitted in designated areas at the Jamboree site.
- Deliveries from external caterers or goods providers (e.g. Uber Eats) will not be permitted onto the AJ2025 site.
- Participants and visitors must always wear their issued identification tag or wristband whilst on-site or on-board Jamboree buses. The identification is to be worn on the outside of all clothing, visible to everyone always.
- Prohibited items include personal knives (Leader multi-tools excluded), glow sticks, laser pointers, and personal drones.

## 8 Jamboree Unit Organisation

### 8.1 Jamboree Unit Council

Ensure Unit Council is part of your Jamboree organisation. Jamboree Patrol Leaders (JPLs) are part of the Unit leadership team and should participate in planning prior to the Jamboree and during the Jamboree. Unit Council is essential to Unit management and should be held daily, at a consistent time each day.

Your JPLs are special, so make them feel special!

At a minimum, the Jamboree Unit Council should be involved in making decisions around:

- Patrol formation
- Creation of the Duty Patrol roster
- Creation of the menu for Pre-Jamboree Camp
- Creation of the activity program for Pre-Jamboree Camp
- Creation of the Unit Code of Conduct (time allocated at Pre-Jamboree Camp)
- Unit badge design
- Unit gateway design.

#### 8.1.1 Opportunities for Youth Leadership

There are many other opportunities for youth leadership in the Jamboree Unit. These include:

- Appointing a Unit Treasurer who is responsible for maintaining records of Scouts' pocket money. With support from an adult Leader, the Unit Treasurer could take requests for pocket money from Scouts at a set time each day and keep a record of pocket money balances for each Scout.
- Appointing a Scout to arrange design of the Unit badge.
- Appointing a Scout to arrange design of the Unit shirt (if you choose to arrange one).
- Appointing a Scout to arrange a pre-Jamboree activity to provide opportunities for Scouts to get to know one another.
- Appointing a Scout to organise the Unit market day activity, with support from the AJSL Program.
- Appointing a Scout to create a Unit site map, displaying the location of the sleeping tents, gateway, kitchen, dining shelter and store, with support from the AJSL Logistics.
- Appointing a Scout to create a Unit gear list, with support from the AJSL Logistics.
- Appointing a Tent Captain for each sleeping tent, especially if you organise the tents in age groups. These Scouts would be responsible for keeping the tents in an orderly condition and can be used to facilitate tent inspections.

### 8.2 Patrol Leaders and Assistant Patrol Leaders

The appointment of effective and capable Jamboree Patrol Leaders is critical to the success of your Jamboree Unit.

All Scouts in a Jamboree Unit should be given an opportunity to have a say in who will become JPLs. There are numerous ways this could be achieved (this is not an exhaustive list):

- Have Scouts nominate themselves for the role of JPL, provide a short biography, and then ask all Scouts in the Unit to vote.
- Have home Unit Leaders nominate Scouts for the role of JPL, have nominated Scouts provide a short biography, and then ask all Scouts in the Unit to vote.
- Have Scouts come up with a list of criteria describing a great JPL, and then use these criteria to identify and appoint the JPLs.

- Have a combined Unit Council meeting with the home Unit Patrol Leaders and ask them to decide on who the JPLs should be.

Usually, JPLs will be either PLs or APLs in their home Unit. It would be advantageous for JPLs to have completed the Scout Leadership Course, although it shouldn't be considered a compulsory prerequisite.

You might like to consider some sort of formal ceremony to invest the Jamboree Patrol Leaders, in recognition of the considerable responsibility afforded to the JPLs.

Once JPLs are appointed, the Jamboree Patrol Leaders can identify Assistant JPLs. You may like to have the JPLs choose the AJPLs after the Patrol lists have been created.

In some circumstances it can pay to have some flexibility around Jamboree Patrol Leaders. For instance, a JPL may choose to 'step-back' for a day or two at the Jamboree to give the AJPL an opportunity to lead. This should be encouraged, especially given the demanding nature of the JPL role.

### 8.3 Patrol Formation

Once the Jamboree Patrol Leaders have been appointed, they should be provided with an opportunity to create the Jamboree Patrols. As much as possible, the JPLs themselves should take ownership for creating the Patrol lists.

Of course, it will be important to take into consideration personal and confidential issues around the placement of Scouts in Patrols. In some circumstances, the Jamboree Scout Leader will need to maintain the confidentiality of such requirements and will need to explain to the Unit Council that certain combinations of Scouts may not be possible for confidential reasons.

<b>Role overview</b>	<p>This role description applies to volunteer or family-based carers supporting a youth member at the Jamboree, such as a parent or family member. For employed or contractor-based carers (such as Community Support Worker, Personal Care Attendants, Residential Support Worker, and the like), this role description provides context in relation to the Jamboree and should be read in conjunction with existing position or role descriptions.</p> <p>Carers of youth members are non-uniformed Adult Supporters who are permitted to assist the youth member in their care at the Australian Jamboree. They can be family or parent carers or external organisation carers (ongoing or casual). Carers of youth members not permitted to be involved in youth member activities unless they are under the guidance of a trained Leader holding a Certificate of Adult Leadership. They must hold a Working with Children Check and meet the requirements of a Carer, including Child Safe Scouting and Workplace Health and Safety Training. Their focus is a single youth member rather than the wider supervision of all youth on an activity.</p>

## 9 Jamboree Unit Code of Conduct

A Unit Code is a way of expressing how members of members of the Unit are going to act, what acceptable behaviour is, and how the Unit will operate. Every Jamboree Unit should have a Unit Code developed by its members. You'll have time allocated to create your Unit Code at the PREJAM in September.

A Unit Code is about:

- How we treat ourselves and each other
- Respecting our environment
- Looking after possessions and property – both ours and everyone else's.

In many ways, it's how we live by the Scout Promise & Motto!

### 9.1 How to Develop Your Unit Code

*Plan:*

- Read through these instructions; make sure you understand all of it.
- Decide how you're going to break up the task and make sure the leaders of each small group know what they're doing (Patrol Leaders).

*Do:*

- Patrols meet and discuss the Scout Code. They should cover the key areas that are important to them and draft ideas for inclusion in the whole Unit's Code. Make sure that everyone can provide input.
- A foundation for the discussion could be based around the Scout Promise and Law.
- It may help to think about grouping your thoughts into 'What We Do' and 'What We Don't Do', but remember that it is up to you how you present your Scout Code. Would pictures help? Does your constitution already have a helpful basis you could start from? There are no right or wrong ways to do this!

*Review:*

- The Unit Council then comes together to collate all of the teams' feedback. Don't forget, it's hard to follow a document that is too long or hard to remember! Make sure that your Scout Code covers the key areas:
  - respecting each other
  - building resilience against bullying and harassment
  - the environment, and
  - possessions / property.
- Present the document back to the whole Unit and make sure everyone is happy with what is included.
- Have everyone, including the Leaders, sign the Code to say that they will live by it.
- Display your Unit Code up on your Unit bulletin board for everyone to see!

## 11 Jamboree Program

The program for AJ2025 includes a range of onsite and offsite activities with evening entertainment every night. More details about the Jamboree program can be found [here](#).

### 11.1 WA Contingent Receptions

#### 11.1.1 Patrol Leaders

A thank you reception will be held for all WA Patrol Leaders during the Jamboree. The function will be hosted at the WA Contingent HQ. Details on the date and time will be communicated closer to the Jamboree.

#### 11.1.2 Adult volunteers

A thank you reception will be held for all WA volunteer adults and Venturer Scout Service Leaders during the Jamboree. Two separate functions will be held on different days so Units can maintain a level of supervision in their Unit campsite. The function will be hosted at the WA Contingent HQ. Details on the date and time will be communicated closer to the Jamboree.

### 11.2 Visitor Days

At AJ2025, there will be three Visitors Days when families can attend the Jamboree Site in Maryborough, Queensland:

- Friday 10 January 2025
- Saturday 11 January 2025 (Future Scout Day)
- Sunday 12 January 2025.

You can book in to visit the Jamboree on one of these three days. It's a chance to see what the Jamboree has to offer, and what life is like at this incredible camp. All visitors will need to book to attend a Visitors Day. Bookings will open on 1 October 2024, information on how to book will be released on our social media in late September. [Check here](#) more further updates.

### 11.3 Leader Tours and Shuttle Bus

The Jamboree will offer a selection of offsite Leader Tours for adults on their scheduled days off. There will most likely be a cost involved in these tours, as well as a booking process.

The Jamboree will also operate a shuttle bus between the Jamboree site and Maryborough throughout the Jamboree. Further details will be communicated once available.

### 11.4 Badge swapping

This is an important Scouting tradition, promoting interaction between members of different Contingents and expanding Scouts' knowledge of the breadth of Scouting.

It is desirable to set some fundamental swapping principles and guidelines during pre-Jamboree activities. For example, swapping one for one, like for like, honest trading, no buying or selling except from recognised outlets such as Contingent Headquarters, Badgers Club. It is best to make some suggestions to Scouts about the most popular swap items, e.g. district and Contingent badges, name tapes, Unit scarves etc. and the value/importance of some badges that they may not wish to swap. At no time should a youth member feel that he/she cannot say no to swapping a badge that they want to keep.

Leaders should encourage and show an interest in badge swapping, provide time for Scouts to undertake this activity and welcome badge swappers from other Units onto the site (after all social interaction is what the Jamboree is all about). But keep an eye on what takes place!

## 11.5 Gateways

One of the best ways to get all the Scouts involved in building an identity for the Jamboree Unit is to work together on designing and building pieces for a gateway.

Gateways are a traditional Jamboree feature and offer a golden opportunity for the Scouts to identify their site and have something to be uniquely proud of. Preplanning is essential and the design should reflect the interests of the localities of Unit members, the Jamboree theme and should not be too parochial. Important features to be included are the Unit number and the home Units of the Scouts and Leaders.

## 12 Post-Tour

Please see separate Post-Tour Handbook [here](#).

### 12.1 Post-Tour Units

## 13 Finance

### 13.1 Payments

Jamboree payments should be made in line with the published payment schedule, available online [here](#).

### 13.2 Pocket Money

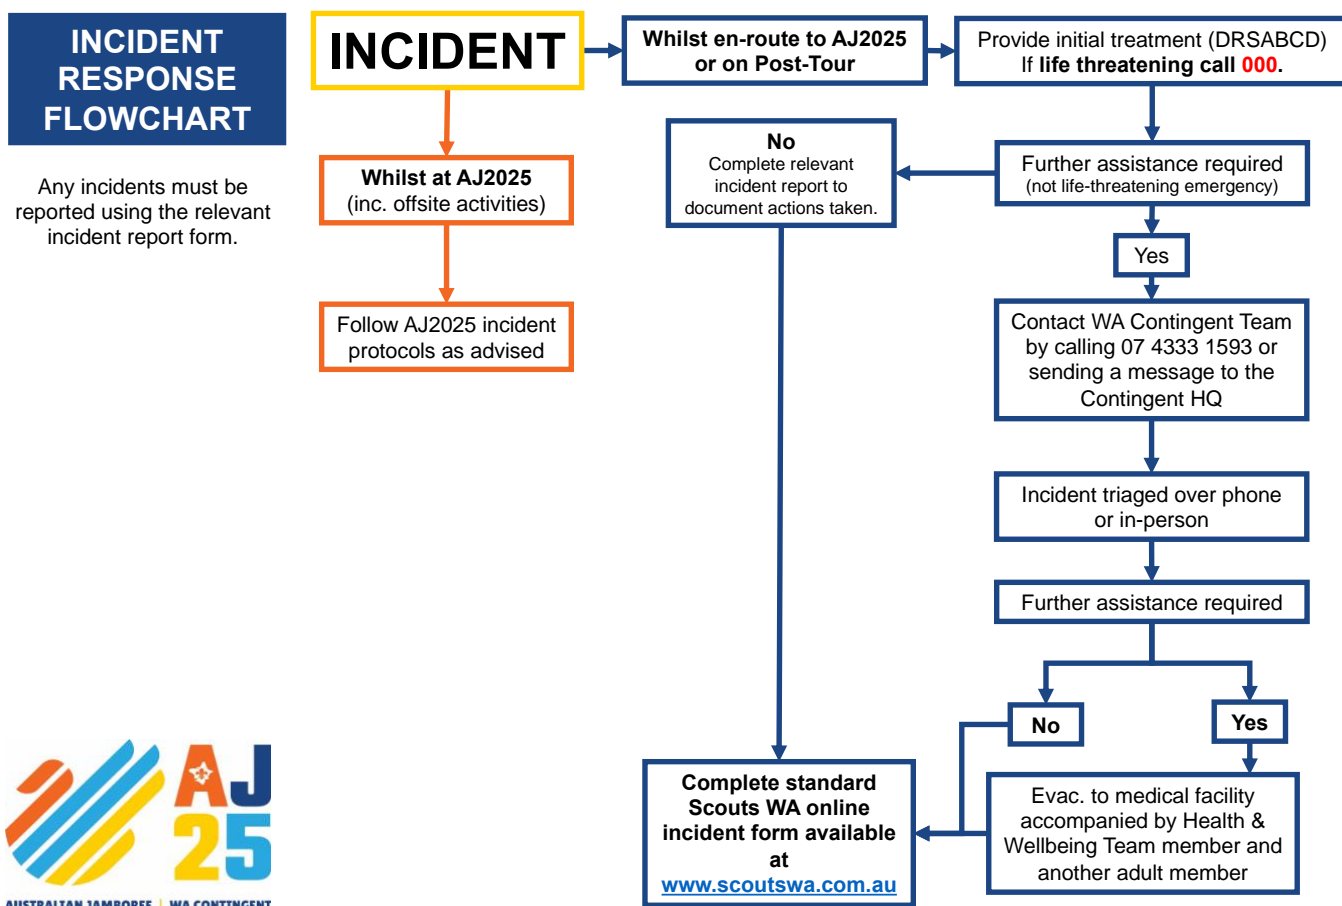

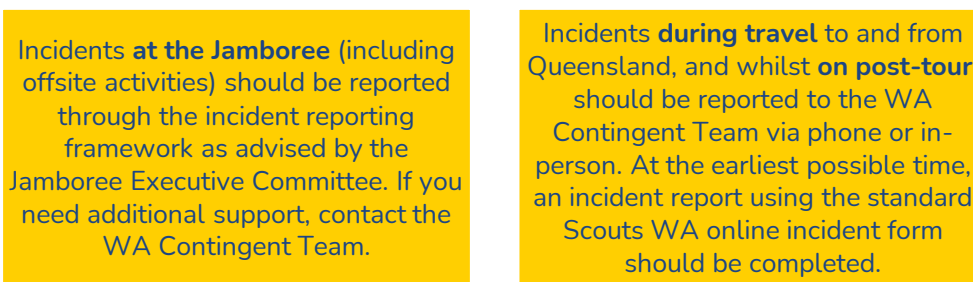

Suggestions for managing pocket money in your Jamboree Unit will be provided in future version of this handbook.

## 14 Incident management

Incidents may occur from time to time during the Jamboree, on Post-Tour, and whilst travelling to/from Queensland. All incidents should be reported via the appropriate channels.

A detailed incident reporting process for incidents at the Jamboree will be communicated to adults via the Jamboree Handbook published by the Jamboree Executive Committee.

For incidents that occur during travel and whilst on post-tour, the standard Scouts WA incident reporting process applies, with the exception that the WA Contingent Team should be notified via phone or in-person if further immediate assistance is required.

### 14.1 Health & Wellbeing journal – Jamboree

Minor incidents (e.g., first aid administered within the Unit campsite) should be reported using the Health & Wellbeing journal established by the Jamboree. Information reported to the Health & Wellbeing journal will be conveyed back to Scouts WA after the Jamboree. Access the Health & Wellbeing journal [here](#).

## 15 Communication

### 15.1 Suggested Agenda – Jamboree Unit Briefing

Try to hold at least on pre-Jamboree meeting with all parents/guardians from your Unit in attendance. These meetings will help Leaders and Scouts get to know each other and the parents/guardians. This way any potential problems can then be sorted out before you get to Maryborough.

Here is a suggested agenda:

1. Welcome
2. Introduction – introduce Leaders and ask each Scout to stand up, say their name and a few words about themselves.
3. Background to Jamborees – show slides or the video. Talk about the concepts of Jamboree organisation, structure, operation, program, and youth leadership.
4. Bulletins/newsletters – check they have been received, read, and understood.
5. Gear – personal and Unit
6. Hygiene – personal hygiene, clothes washing, care of personal gear, first aid and medical arrangements
7. Administration – Unit banking, pocket money, valuables
8. Transport – Unit members' personal gear, Unit gear, confirmation of travel arrangements
9. Souvenirs – Contingent items, ordering
10. Activities – onsite, offsite, arenas, badge swapping
11. Formation of Patrols – announcement of Jamboree Patrol Leaders and patrol members, selection of patrol names, give patrols an activity or game to do outside
12. Parent/guardian session – Jamboree address, emergency telephone number, seek advice on medical or other problems, children's responsibilities, advise Leaders available to discuss matters
13. Questions – be available and patient, for many this will be the first time being away from home for an extended period.

### 15.2 Social media

Jamboree Units are welcome to set up their own Unit social media pages for communication of the Jamboree experience to families back in Western Australia. Set up and monitoring of these social media pages is the responsibility of the Jamboree Scout Leader (who could delegate this role to another adult in the Unit). Such pages should abide by standard Scouts WA policies and procedures relating to social media and online conduct.

### 15.3 Contact with families in an emergency

In the event of an emergency, the Western Australia Contingent Support Team will contact parents/guardians or families if this should be necessary. This will apply to all contacts resulting from incidents while Contingent members are in transit or at the Jamboree.

The Contingent Leader or their delegate is responsible for making calls in these circumstances because he/she will decide when sufficient detail and facts are known to be able to justify the contact. Our aim is to ensure clear and accurate communication so as not to scare or mislead parents/guardians or families.

Therefore, please stress to the Scouts in your Jamboree Unit that they must report any sickness or accident to one of their Leaders and should not call home.

### 15.4 Emergency messages

As you can appreciate, it will be difficult for messages from home to be given to Scouts and Leaders at the Jamboree campsite. Parents/guardians and families should understand that all messages from home should be directed to the Western Australia Contingent Support Team.

The following telephone number will be available for external queries or enquiries for the Jamboree, in the immediate days preceding and during the event: **07 4333 1593**.

The Contingent Support Team cannot handle messages of a general nature. In these cases, Scouts and Leaders will have access to public telephones from which to contact people at home. Suitable times should be arranged as necessary before leaving for the Jamboree.

## 15.5 Mailing address

Parents are encouraged to send care packages via mail – Scouts experience a great sense of excitement upon receiving a package through 'snail mail'.

Mail should be addressed to:

Recipient full name  
Recipient Unit number  
Western Australia Contingent  
26th Australian Jamboree  
Maryborough Showgrounds and Equestrian Park  
23349 Bruce Hwy  
Maryborough West Qld 4650

Post boxes will be available onsite at the Jamboree for outgoing mail. Stamps will be available for sale, although Scouts may like to take a few self-addressed envelopes with pre-attached stamps to write letters home.

## 15.6 Mobile device guidelines

The Western Australia Contingent acknowledges that technology has become an important tool in our society. However, the Contingent also recognises the wellbeing, child safety, security, and logistical risks around mobile technology.

The Contingent has released these guidelines to assist Jamboree Scout Leaders, Scouts, and their parents/guardians in deciding whether to take mobile devices to the Jamboree.

- The Contingent will accept no responsibility for lost, stolen or damaged mobile devices.
- There will be no charging facilities made available to Scouts at any time during the Jamboree.
- Large portable electronic devices such as laptops, iPads and portable electronic gaming devices should not be brought to the Jamboree.
- Jamboree Units cannot decide to ban youth members in their Unit from bringing their mobile device. However, Unit Councils are responsible for determining specific rules for use of mobile devices in their Jamboree Unit. The Jamboree Scout Leader should provide advice to the Unit Council.
  - For example, the Unit Council may decide that mobile devices can be accessed after dinner and before bedtime each day. At all other times, mobile devices should be securely stored in the Unit safe.
- Jamboree Scout Leaders may request that Scouts and their parents/guardians sign an informal contract regarding use of the mobile device at the Jamboree.

Scouts are not to use their personal electronic device in a sleeping tent, inside toilet/shower facilities or in other changing areas. Scouts who choose to break this rule will find their device confiscated for the duration of the event, and, depending on the circumstances, may be asked to leave the Jamboree. Confiscated devices will be stored at Contingent HQ and handed back to parents at the end of the Jamboree.

## 15.7 Contacting the WA Contingent during the Jamboree

There are a variety of methods available to contact the WA Contingent Team during our trip:

- Visit us in person at the WA Contingent HQ in the mall.
- Call us on **07 4333 1593**. This number will be monitored 24/7 from 4 January 2025 till 21 January 2025. The phone number is predominately for urgent matters – for non-urgent matters, please visit or email.
- Email us at [jamboree@scoutswa.com.au](mailto:jamboree@scoutswa.com.au). This email address will be monitored throughout the Jamboree.

## 15.8 Onsite communications

For adults and Venturer Service Leaders onsite at the Jamboree, our communication tool will be Microsoft Teams.

All adults and Venturer Service Leaders will be added to a Microsoft Team with a series of channels established. Most channels will be for one-way announcements from the Contingent Support Team. A two-way communication channel will be available for Jamboree Scout Leaders.

We recommend that all adults in the Contingent download the Microsoft Teams app on their smartphone and become familiar with the functionality of the app before we arrive at the Jamboree.

## 16 Logistics

Jamboree Units will need to work together to provide sufficient gear to meet their needs. Selected gear will be provided by the Western Australian Contingent and the Jamboree Executive Committee, as outlined in the unit gear list below.

Gear will be transported to the Jamboree site in enclosed wooden crates. Each Unit will be allocated two wooden crates. Units will be required to bring their Jamboree equipment to the gear pack day at Manjedal Adventure Centre during their allocated timeslot on 9-10 November 2024. Units will pack their gear into the crates provided. The crates will then be transported to Queensland in shipping containers and delivered direct to Unit sites. When you arrive onsite, your two wooden crates will be ready and waiting for you to set up your campsite. The reverse process will take place for bump out and return of gear to Western Australia.

Quantity per Unit	Height (mm)	Length (mm)	Width (mm)	Weight	Image
2	Internal: 1070  External: 1170	Internal: 2210  External: 2270	Internal: 1110  External: 1170	Max. 1,000kg per crate	

### 16.1 Unit Gear List

The equipment list below is a suggested list for Jamboree Units. Items provided by the Jamboree and the Contingent will automatically be provided to every WA Unit – you do not need to request items. Jamboree Units will need to work with Scout Groups to source items listed as being provided by the Unit.

You are not restricted to the items listed. If there are other items you wish to pack into your Unit crate you can pack those items, so long as they fit and each of your containers do not exceed one (1) tonne in gross weight.

### 16.1.1 Sleeping Tents

Each Jamboree Unit will be provided with nine (9) tents. If the Contingent has additional tent stock available, and your Unit has room in your wooden crate, you can request additional tents if required (for example, depending on the gender split in your Unit). If the Contingent does not have any additional tents available, you will need to source additional tents from Scout Groups connected to your Jamboree Unit.

The tents to be provided are:

- four (4) COLEMAN Chalet 9CV Dome tents
- two (2) Longway Leisure 10' x 14' canvas tent
- three (3) COLEMAN Instant Up Dark Room 6 person tents.

Tents can be organised in Patrols or in age groups. Sleeping Scouts of similar age groups allows for younger Scouts to get more sleep as younger Scouts many tend to sleep earlier than older Scouts. Such an arrangement also allows Scouts some time to socialise with other Scouts in the Jamboree Unit. If you choose to sleep Scouts in age groups, you might like to nominate a Tent Capitan for each tent as an additional youth leadership opportunity.

#### 16.1.1.1 COLEMAN Chalet 9CV Dome Tents

These tents each sleep six youth members in two separate rooms.

#### 16.1.1.2 Longway Leisure 10' x 14' canvas tent

These tents each sleep five to six youth members in a single room.

#### 16.1.1.3 COLEMAN Instant Up Dark Room

These tents each sleep two adults on stretchers in a single room.

## 16.2 Initial issue

Each Unit will be supplied with an initial issue pack containing pantry items, cleaning supplies and other consumables. Units will be able to re-supply as required through the Jamboree through their Subcamp HQ.

## 16.3 Gear pack day

Units are requested to pack their equipment into the provided crates during the allocated time on the weekend of 9-10 November 2024. Gear packing will take place at Manjedal Adventure Centre. On gear pack day, Units will also be issued with Jamboree and Contingent merchandise for all members of your Unit. We suggest you have an empty trailer available to collect your Unit's merchandise, as there will be some bulky items (e.g. a travel bag for every member of your Unit).

## 17 Suggested personal gear list

A suggested personal gear list is available on our website [here](#).

## 18 Catering

There will be sufficient food provided at the Jamboree. It will be possible to gain extra rations if necessary from your Food Distribution Point if your Unit should be running short of food. While Jamboree food has been carefully selected to give a proper nutritional balance, there is sometimes a tendency for Scouts to eat junk food and skip meals. This must be carefully monitored.

Whilst everybody occasionally enjoys something different to eat or drink, monitor the eating behaviours of your Unit, acting if anyone is eating too much of the wrong food or not eating at all. Both cases indicate a problem in the making that you need to deal with straight away.

### 18.1 Modified diets

Prior to the Jamboree you will need to determine any dietary requirements of your Unit members. The Jamboree Scout Leader can obtain this information from the Online Application System.

Our dedicated Modified Diets Liaison within the WA Health & Wellbeing Team is Janine Hart.

### 18.2 Ration supplies

Food will be distributed from your Subcamp HQ daily. Duty Patrols will be required to take a trolley or trek cart to your Subcamp HQ at an allocated time.

All food should be checked on arrival at camp to ensure correct amounts are supplied. This is especially important for special diets. Liaise with your Subcamp HQ if an insufficient supply has been issued.

Ice and gas will be distributed from your Subcamp HQ.

### 18.3 Dining area

Your dining area should be set out so that the Unit can use it between meals without interfering with the kitchen area. It must be kept clean, and all benches should be wiped down before and after each meal. Any mess or unwashed utensils should be cleaned up immediately and all rubbish placed in a bin. Food scraps should not be allowed to fall on the ground and if this occurs, they should be picked up immediately.

Provision should be made for easy access for the preparation of tea, coffee, cordial etc. between meals.

### 18.4 Kitchen hygiene

Ensure that all plates and utensils are rinsed in hot water before meals are served. This should be supervised by a Leader, as should an inspection of everyone's hands to ensure that they have been washed with hot water and soap.

The use of a sanitizing solution for hands is encouraged once hands have been thoroughly washed, as it is ineffective on dirty hands. Strict cleanliness should be paramount especially in the kitchen, food storage and dining area. Those involved in the preparation and serving of food should frequently wash and rinse their hands in hot water with soap and a sanitizing solution as well.

It is essential that all utensils, tables, barbecues be scrubbed clean using water as hot as possible with appropriate cleaners immediately at the conclusion of each meal or preparation of food. Provision should be made for ample airing space and easy access storage of mess bags.

### 18.5 Food storage

Food should be neatly stored in suitable containers off the ground and checked on a daily basis. No excess perishable food should be kept under any circumstances. They should be returned to the Food Distribution Point or disposed of in the garbage system. This is usually the biggest threat to the health of the Unit. Milk storage in particular needs constant checking.

## 19 Merchandise

Participants will receive a gear pack as outlined below as part of their Jamboree fee.

Jamboree merchandise	WA Contingent merchandise
<ul style="list-style-type: none"><li>• Jamboree shirt</li><li>• Jamboree scarf</li><li>• Jamboree woggle</li><li>• Jamboree badge</li><li>• Lanyard + ID card</li><li>• Bucket hat</li></ul>	<ul style="list-style-type: none"><li>• WA shirt</li><li>• Contingent badges</li><li>• Unit badges</li><li>• Drink bottle</li><li>• WA state scarf</li><li>• 90L travel bag</li></ul>

### 19.1 Merchandise distribution

Merchandise will be distributed to Jamboree Units at the Gear Pack weekend on 9-10 November 2024 at Manjedal Adventure Centre. Units should come prepared to collect several large boxes including the travel bags – expect a trailer load of merchandise for a Jamboree Unit.

Service and Program Leaders, and Venturer Scout Service Leaders can also collect their merchandise from Manjedal Adventure Centre on 9-10 November 2024.

Please note that full payment of all Jamboree fees must be received by Scouts WA before merchandise will be released. Merchandise will not be released to Units for Contingent members with unpaid fees. The final payment for Jamboree is due on 31 October 2024.

Specific arrangements will be in place for regional participants. The Contingent Support Team will contact regional participants directly with arrangements for merchandise collection.

### 19.2 Unit badges

Our official badge set includes the Western Australia Contingent Badge, 15 Unit badges and 1 badge for Venturer Scout Service Leaders.

Each youth member will receive 16 of their own Unit badges to enable them to collect the full set. These will be distributed with all other merchandise on Gear Pack Day.

Adults will receive the complete set onsite at a special function.

Additional Unit badges will be available for sale onsite at the Jamboree shop. Badges will be sold individually.

## 20 Jamboree Site

### 20.1 Sub-Camps

There are five subcamps at AJ2025:

- Cheeli – youth subcamp
- Fraser Coast – youth subcamp
- Tuan – youth subcamp
- Montgomery – Service and Program Leader subcamp
- Wook-Koo – Venturer Scout Service Leader subcamp.

## 21 Transport

The Contingent will be travelling by air from major regional airports across Western Australia to Brisbane Airport, and then by coach to the Jamboree site in Maryborough. Depending on flight arrival times into Brisbane, some coaches will stop at Kedron Scout Hall in Brisbane for a meal prior to onward travel to Maryborough. Individualised travel information is available on the “Contingent” tab of the online application system. Contingent members not connected to a Jamboree Unit should check their travel information on the online application system.

## 21.2 Arriving at your departure location

Contingent members should arrive at the airport two (2) hours prior to the departure time listed in the online application system.

Contingent members boarding a bus from Mount Barker or Geraldton to Perth Airport should arrive at the bus departure point at least 30 minutes prior to the departure time listed in the online application system.

## 21.3 Travel dress code

Whilst travelling to and from the Jamboree, Contingent members should wear the following:

- Scout Uniform shirt
- Western Australian state scarf (black and yellow scarf distributed in merch pack)
- Navy blue pants/shorts/skirt
- Comfortable enclosed shoes.

## 21.4 Airport check-in procedure

This procedure is for Scouts arriving at Perth airport for departure to Brisbane.

1. Scout arrives and has name checked off list by Jamboree Scout Leader.
2. Jamboree Scout Leader (or relevant Assistant Jamboree Scout Leader) checks medications for relevant Scouts; youth member keeps medication until arrival at the Jamboree site. Parent/guardian communicates any last-minute updated health information to Jamboree Scout Leader or relevant Assistant Jamboree Scout Leader (this information should also be added to OLEMS). Note if any medication is to be administered during travel (e.g., whilst on the plane).
3. Scout checks into flight, obtains boarding pass and checks in luggage as per process advised by airport ground staff.
4. Scout and parent/guardian farewell each other.
5. Scout proceeds through security under supervision of Jamboree Scout Leader. To assist leaders in ushering Scouts through the airport to the flight gate, parents are requested to not accompany their Scout through security.

## 21.5 Transiting through Brisbane Airport

Upon arrival at Brisbane, disembark the plane and make sure you have everyone together. Ensure no items are left on the plane. Proceed to baggage collection and collect baggage. Identify a location where the group can assemble once they have collected their bag.

Proceed to the bus pick up area. You'll need to exit the terminal, take the escalator to the overpass, and then another escalator down to the bus pick up area. If you reach the multi-story car park, you've gone too far.

Our bus company is Brisbane Bus Lines. There will be Contingent Team members at the airport to guide you.

**Buses will have numbers displayed. Please ensure you board the correct bus! If you don't board the correct bus, you may find yourself disembarking on the wrong side of the Jamboree site with a long walk ahead of you!**

## 21.6 Meal stops at Kedron Scout Hall

The following buses have a meal stop at Kedron Scout Hall: 201, 202, 203, 204, 205, 209, 210, 211, 212, 213 and 214.

Buses 206, 207 and 208 will not stop at Kedron Scout Hall. Each bus will receive a snack box at Brisbane Airport and travel direct to the Jamboree site.

## 21.7 Arriving at the Jamboree site

Buses will arrive at the Jamboree site via three routes:

- Route A – Bus Loop
- Route B – WA Contingent HQ / Montgomery Subcamp / Cheeli Subcamp
- Route C – Gate F (for Tuan and Fraser Coast Subcamps).

A member of the WA Contingent Support Team will meet your Unit at the bus and show you to your campsite.

## 21.8 Departing the Jamboree site

If you are NOT attending the Post-Tour, please ensure you make a packed lunch at The Eatery prior to departing the Jamboree site. No other catering will be provided for lunch on 16 January 2025.

Buses will depart at the Jamboree site via three routes:

- Route A – Bus Loop
- Route B – WA Contingent HQ / Montgomery Subcamp / Cheeli Subcamp
- Route C – Gate F (for Tuan and Fraser Coast Subcamps).

You should be at the departure point 15 minutes prior to the scheduled departure time.

Bus	Departure Time	Departure Point	Instructions for Units
301-C	6:30	Gate F	Allow sufficient time to walk (with your luggage) to Gate F

310-B	8:00	WA Contingent HQ	Allow sufficient time to walk (with your luggage) to Contingent HQ

### 21.8.1 Post-Tour departures

If you are participating in the Post-Tour, please make your way to the Bus Loop by 7:30am ready for departure at 8:00am. Lunch is provided at the Chermside Aquatic Centre, so you **do not** need to make lunch prior to departure.

## 21.9 Stopover in Brisbane CBD

The following coaches will have a stopover in Brisbane CBD: 305, 306, 307, 308, 309 and 310.

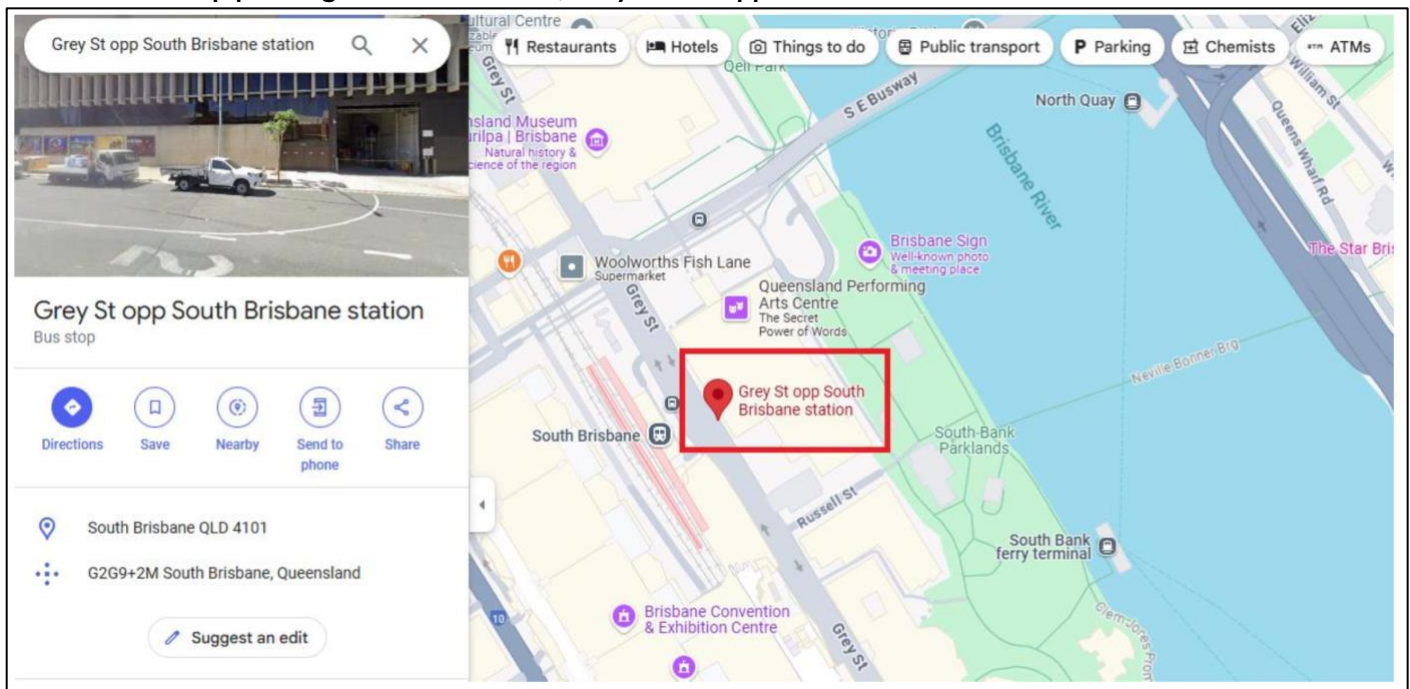

This is to avoid a long wait at either the Jamboree site, or Brisbane airport. During the stopover you can explore Brisbane CBD on a self-guided tour.

Please be at the pick-up point 30 minutes prior to scheduled departure of your coach. The scheduled departure times are:

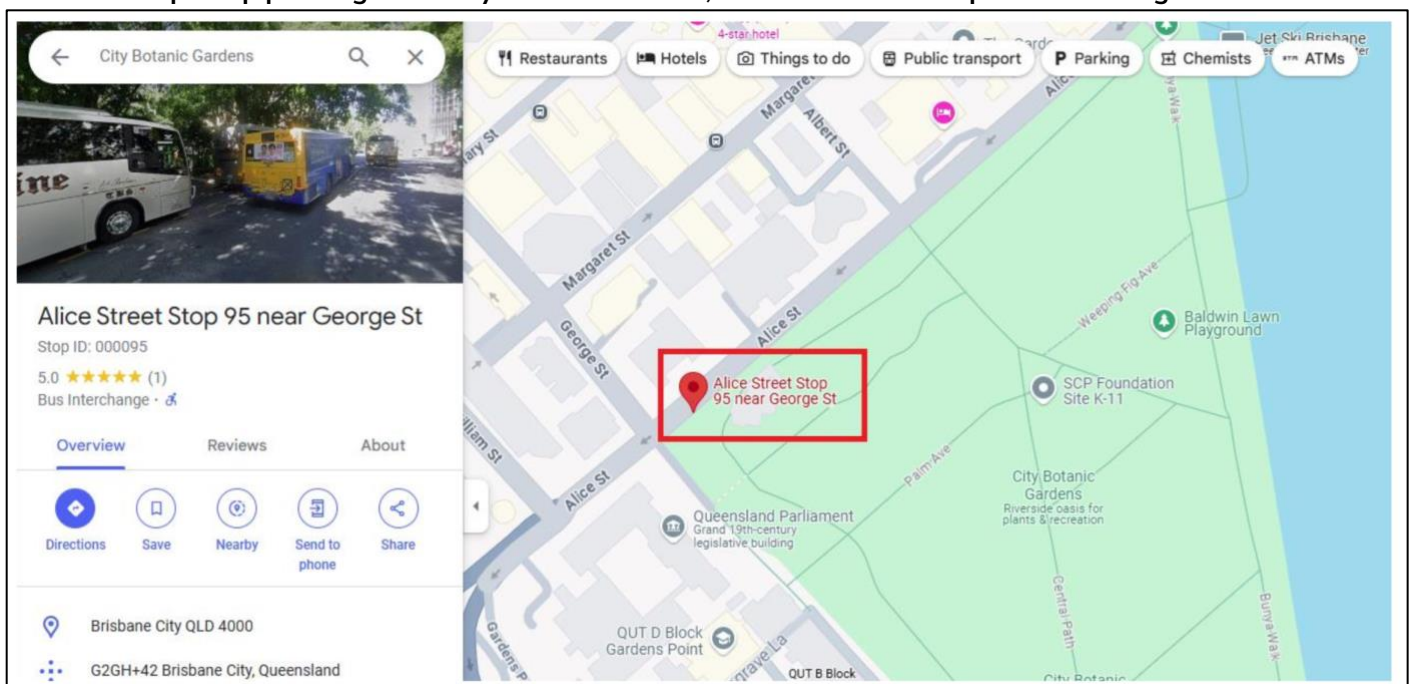

- Buses 305, 306: depart at 3:00pm.
- Buses 307, 308, 309, 310: depart at 3:30pm.

Luggage will remain on the buses during your time in Brisbane. There will be no access to the coaches between drop off and pick up as the coaches are returning to their depot.

**Coaches will drop passengers at South Bank, Grey Street opposite South Brisbane station.**

**Coaches will pick up passengers at City Botanic Gardens, Alice Street Bus Stop 95 near George Street.**

## 21.12 Independent travel

### 21.12.1 To Jamboree

A coach will be organised to collect Independent Travellers and transfer them to the Jamboree site. The coach will collect Independent Travellers at 10:00am on 6 January 2025 from the Corner Alice Street and Aldridge Street, Maryborough.

The coach will drop Independent Travellers at WA Contingent HQ. Units will need to collect their Independent Travellers from Contingent HQ shortly after 10:30am. Independent Travellers from Units who do not arrive onsite until after 10:30am on 6 January 2025 will be supervised at Contingent HQ until their Unit arrives.

### 21.12.2 From Jamboree

A coach will be organised to transfer Independent Travellers from the Jamboree site to the collection point at the Corner Alice Street and Aldridge Street, Maryborough. The pick-up time for Independent Travellers will be 9:00am on 16 January 2025.

The coach will depart WA Contingent HQ at 8:30am and Independent Travellers need to be at Contingent HQ with their luggage by 8:15am. Independent Travellers whose Units depart the Jamboree before 8:15am will be supervised at Contingent HQ until the coach departs.

## 22 Health & Wellbeing

### 22.1 Unit Wellbeing

Try to learn the names of all Unit members as quickly as possible. This increases their self-esteem and promotes their relationship with you and the other Leaders. Get to know members of the Unit by talking to each of them individually at pre-Jamboree meetings, camps and especially at the Jamboree.

Create a happy and fun-seeking environment in the Unit – not one that is all work but do not let this affect your standards.

Find out about the effects of Jamborees on Scouts: fatigue, signs of homesickness, when they happen and how to deal with them, before you go to the Jamboree.

Deal with personal problems quickly and quietly. Maintenance and enhancement of self-esteem is critical to both Scouts and Leaders. The first line of wellbeing delivery is in the Unit. The Contingent Health & Wellbeing Team will also provide support to the Jamboree Unit.

### 22.2 Rest

Tiredness and fatigue can be real problems for a number of reasons. Fatigue causes irritability and arguments to increase, concentration to decrease and accidents to increase.

Being away from home for a long period of time, being in strange surroundings, over excitement, repeated early mornings/late than usual nights, constant activity, homesickness and pushing to do all of the activities often results in Scouts not gaining enough sleep or rest.

Fatigue symptoms are worse when combined with low blood sugar. If this is happening in your Unit it may be necessary to have a rest hour each day, given snacks in the late afternoon or have earlier 'lights out'.

Fatigue management is also important for Leaders and adults and care should be taken to ensure everyone is eating and resting properly.

### 22.3 Hydration

The combination of heat, sun and activity means that it is imperative for everyone to drink ample fluids on a regular basis each day. Dehydration can strike suddenly and viciously – both for youth and adults alike.

It is recommended that every person drinks at least 2-3 litres per day – but not soft drink, these should be kept to a minimum. Water, possibly with some flavour added or electrolyte drinks or fruit juices are better alternatives.

Even milk drinks should be approached with caution as milk and lots of activity in the heat can have sickening results with some people. Unit sites should always have a bulk water container filled and freely available for Scouts and Leaders to drink from as necessary.

It should be the responsibility of the Duty Patrol to check on water availability throughout the day. Dropping a few bits of ice in will also help. Make sure that everyone has a drink at meal times and takes a filled water container with them to off-site activities. Carrying a water bottle with you around the site is also an excellent idea.

### 22.4 Sun smart

The hot climate and high level of sunshine expected in Queensland in January means that it is absolutely vital for every member of the Contingent to be sun-smart.

A wide brimmed hat should be worn at all times when outside as well as long sleeved collared shirts to protect the back of the neck. Appropriate sunscreen (SPF 15+ or 30+) should be used on the face, neck, ears and other exposed areas. Sunglasses should also be worn.

Singlet tops are not to be worn at the Jamboree.

## 22.5 Stings and bites

There is a risk of mosquito bites at the site. Preventative measures by Scouts and Leaders to be undertaken include the use of roll-on insect repellents (do not take pressure packs). It is recommended that 'Rid' or 'Tropical Strength Aeroguard' repellents be used and that full cover-up clothing is worn at dusk and onwards during the evening.

## 22.6 Washing and showers

Unit members will require supervision to get into a regular washing routine at the Jamboree. This must be continuously checked and enforced.

Most Scouts have not developed a personal hygiene routine as it has been done for them at home. The Unit routine should be established from day one with regular times used for showering by the Duty Patrol. Encourage the Unit to shower at the same time and have a Leader on hand to supervise if necessary.

The Jamboree Patrol Leader should monitor and ensure that members of their patrol are showering properly and daily (not in their swimming gear). It is important that the Scouts know and accept that showering in clothes is not appropriate in terms of maintaining person hygiene. Make sure that soap is used and the feet in particular are washed, dried properly and the sparing use of talcum powder is recommended. Showers at the Jamboree will be fully screened and have a separate dry area.

In general: it is important to ensure that Scouts are regularly using the toilet, showering every day, shampooing their hair, looking after their feet, eating properly and cleaning their teeth. Particular attention must be paid to making sure that feet are properly washed and are completely dried to prevent infection. Remember that bacteria in faeces that reach the mouth via the hands cause gastroenteritis and/or food poisoning.

Hands need to be spotless while preparing food, and fingernails need to be kept short. Use the Patrol System for a quick inspection of faces, hands, nails, knees, hair and ears each morning before breakfast. This can give a fair indication if personal hygiene is being attended to properly (don't forget to check the JPLs!).

## 22.7 Clothes washing

This should be encouraged daily to avoid being caught out by wet weather or clothes going moldy in the heat. Be prepared to help Scouts with their washing. Explain why and show how it needs to be done. Regular Unit washing sessions with plenty of hot water and washing powder readily available are useful inducements. Ample clothes lines and pegs should be provided.

## 22.8 Care of personal gear

Particular attention should be paid to the tidiness of tents and clothing. It can be a real source of irritation for Scouts if they cannot find some of their possessions because others have left things in a mess, especially if they are tired. Insist that tents and gear are always left neat and tidy. Uniforms should be hung in protective bags, and shoes kept off the ground to dry and air. Food and drink should never be consumed in the tent and never kept there.

Lollies pose a problem and Scouts should be encouraged to be extremely careful, especially with chocolate as it can make a terrible mess if forgotten or not properly stored. Lollies and chocolates can also encourage unwanted pests to enter the tent. Regular checks should be made to ensure that wet clothing and towels are not put in bags.

## 22.9 First aid kits

There will be first aid posts located strategically around the Jamboree site. Any illness, incident or emergency situation should be referred to the medical staff. Minor injuries should be treated in the Unit and Scouts should be encouraged not to go to the First Aid Post for Band-Aids. Therefore, each Unit should have a first aid kit readily available at all times.

Kits should be thoroughly checked prior to the Jamboree and replenished as needed. This will be a Unit responsibility, as the Jamboree organisers will not replace items from a first aid kit. Leaders should supervise the use of first aid kits and a Unit register should be kept listing the date, time, name, complaint and treatment given (I3 form). This will help medical staff to better administer care should the need arise.

Leaders must not administer any medications without the specific written permission and instructions from parents/guardians.

Recommended contents for Jamboree Unit first aid kits:

- Gloves
- Band-aids (good quality fabric band-aids in a range of sizes)
- Antibacterial cream
- Cold packs
- Stingose/Stop Itch
- Splinter probes
- Decent tweezers (slant point)
- Small magnifying glass
- Aloe vera/after sun gel
- Tissues
- Salbutamol/Ventolin (spare – available over the counter from chemist) and small spacer
- Oral rehydration solution (eg Hydralyte)
- Sterile eye irrigation solution (normal saline) and eye bath
- Fixamol
- Burn gel
- Bandages
- Micropore tape or similar
- Sanitary supplies (pads and tampons)

Note that this is not meant to be an exhaustive list.

## 22.10 Medication management

Make a list of all Scouts in the Unit on medication and what drugs they are on. The Jamboree Scout Leader can access this information from the online application system. Units should use the 'medication chart' provided by the Contingent Team to mark off when medications have been taken.

Encourage parents to have medication packaged in a Webster pack to make life easier for Leaders. These are available at most chemists.

Anybody bringing medication to the Jamboree must make sure that there are clearly written instructions about when and how it is to be used included with the medication. The medicine should be in its original packaging accompanied by the prescription (if it is prescription medication). All medication to be administered at the Jamboree must be listed on the medical tab of the online application system.

## 22.11 Homesickness

These should be managed at a Unit level initially.

Homesickness and personal problems will occur. It is important that all Leaders should watch for any signs and take early action. Usually quietness, lying in the tent, boisterousness, aptly, unwillingness of participate, headaches, nausea, constipation, diarrhea, or lack of appetite are all warning signs not to ignore.

Where homesickness is suspected, usually a quiet, discreet discussion followed by encouragement and positive support from Leaders and Patrols Leaders for the Scout to resume active involvement will work wonders. Telephone calls home should be discouraged until the problem has abated. Regular liaison with the JPLs will help identify problems more quickly.

Be aware of conversation and joking in the Unit. It is not uncommon that one or more members will be subjected to unnecessary teasing and jibes. Where this appears to be occurring, early action should be taken: a quiet word to the offender, and request for assistance from the JPL is usually all that is required.

Counseling and disciplinary action should never occur in front of the Unit or a group of peers. If fights or major disagreements occur, counsel the individual first and then talk together. Be fair, just and avoid taking sides. Do not assume – gather all the facts and make a calm decision that leads to a course of action that will solve the problem and not the symptoms. If this is a major issue, document a summary of all discussions.

It is critical that all matters be dealt with quickly and quietly whilst maintaining and increasing the Scout's self-esteem. All Leaders should be aware of what is happening in the Unit and a daily debriefing over a quiet cuppa is a good idea. Remember that confidences may need to be kept. Unit Council should assist with managing issues when appropriate.

What may seem minor and irrelevant issues to a Leader, or even other Scouts, can take on major proportions in the mind of a Scout.

## 22.12 Management of health issues

Unit Leaders will be responsible for managing health issues in the first instance. Subcamp first aid posts will help if Unit Leaders require assistance. Cases will be triaged to Medical Centre, as required. First aid posts are provided at key points across the Jamboree site.

Hospital transfers (if required):

- Queensland Ambulance Service, accompanied by a member of the Western Australia Contingent, will transfer life-threatening cases to hospital.
- Non-life threatening cases will be transferred to hospital by the Western Australia Contingent, in consultation with the Jamboree Executive Committee.

First aid will also be located at some activity sites.

## 22.13 Medical center

The onsite medical centre will operate 24 hours for the duration of the Jamboree. The centre will be staffed by doctors, nurses, and a support team. The facilities will include a triage/waiting area, consulting rooms, a ward, an overflow ward, resus area, pharmacy, dedicated toilets/showers, a dedicated kitchen, and an office administration area.

Where possible, presentations should be made to Subcamp/activity first aid points as a first point of call.

Presentations at the medical centre can be via one of the following:

- walk-in, preferably with leader
- arrive via transfer from Subcamp/activity first aid post
- arrive via transfer with first aid ambulance.

Triage will result in one of the following:

- transfer to waiting room
- a bed in the ward
- the resus area

- returned to their Unit.

The medical centre will have the following capabilities: suturing, dressing burns, grazes, treating sunburn and heat related illness, managing respiratory illness, and managing emergencies prior to hospitalisation.

## 22.14 Possible injuries and illnesses

Please find a list of illnesses and injuries which may be expected to occur during Jamboree. This is not an exhaustive list but is provided based on information available about illnesses and injuries experienced at similar camps. Some advice about how to manage these within your units is also provided, with a list of recommended first aid supplies.

Please use the ISOBAR format to record information. We have provided a form to help you gather useful information and facilitate completion of an incident report.

Also note:

- Ensure your own safety when providing care to others.
- Provide care within the limits of your own training, experience, and skills.
- St John First Responder App provides good basic first aid advice.
- Ask for help and/or refer on if you are unsure or overwhelmed.
- If your management of the health/wellbeing situation is not working, refer on.
- If you are at all concerned, refer to Health and Wellbeing team/subcamp first aid point.

COMMENTS

## 22.17 Youth members requiring additional support

The Contingent Support Team's aim is to offer all eligible youth members the opportunity to attend and participate in Jamboree 2025.

Where a Scout with additional needs wishes to participate in Jamboree 2025, information is required to ensure the appropriate supports are in place. This information should be submitted as per the process outlined below.

This information is requested in line with Scouts WA's Duty of Care and is for the purpose of ensuring the best possible support for the Scout with additional needs to attend and participate in Jamboree 2025.

### PROCESS

1. Before registering to attend the Jamboree, have a discussion at Scout Group level about the young person attending the event. The young person, and their parents/guardians, should be made aware of the nature of the event (e.g., activities, daily routine, length, food, number of people etc). The purpose is to make sure everyone appreciates the intensive nature of the event, and that Jamboree is different to a 'normal' Scout camp.
2. Upon submission of a registration to attend Jamboree 2025, a support information plan should be completed and emailed to the Contingent Support Team ([jamboree@scoutswa.com.au](mailto:jamboree@scoutswa.com.au)).
3. An online application must be completed for a regular carer/guardian or another adult who is prepared to attend the Jamboree, pay the relevant event fee, and perform the specific role of a full-time Carer/Care Worker for the Scout with additional needs while at the Jamboree (if a Carer or Care Worker is required). This adult must have a valid Working with Children Check, a valid National Police Clearance, and have completed the relevant Scouts Australia Child Safe Scouting and Work Health Safety on demand modules. If the carer is not a current member of Scouts WA, they should be registered as an adult member for the purposes of attending the Jamboree.
4. The Contingent Leader and the Health & Wellbeing Lead will review the support information and make necessary support arrangements which may include appointment of a carer.
5. At some point prior to the Jamboree (preferably before the Pre-Jamboree Camp), the Jamboree Scout Leader, carer, parent/guardian, and youth member should meet to collaboratively create a Ready to Scout Plan specifically for the Jamboree.
6. The Ready to Scout Plan should be submitted to the Contingent Support Team via email ([jamboree@scoutswa.com.au](mailto:jamboree@scoutswa.com.au)).
7. The Health & Wellbeing Lead will remain in close contact with the parents/guardians, home Section Leader and Jamboree Scout Leader as preparations progress.

### GUIDELINES FOR ONSITE AT JAMBOREE 2025

Carers or Care/Support Workers are not to be utilised to deliver the youth program at the Jamboree while in the role of Carer or Care/Support Worker as their role is solely for the purpose of supporting a Scout with additional needs at the event. The Carer or Care/Support Worker cannot have multiple roles or be tasked with other duties.
